CONNECTING YOUR WORLD

DEAR CUSTOMER

Welcome to the DHL Express Service and Rate Guide for 2024. If you are reading this, it means you have a personal or business need to move something, from somewhere, to somewhere and you want it done quickly, securely and reliably. We are here to help you!

As the global market leader in Time Definite International (TDI) shipping and courier delivery, and the most international company in the world, this is what we do! We move over 1 million shipments every working day, from point A to point B in 220 countries and territories, as quickly, securely and reliably as possible and with as much transparency as possible. Over 2.5 million customers around the world put their trust in us, and our team of 120,000+ Certified International Specialists strive to exceed their expectations on every single shipment.

At DHL, we remain focused on offering a shipping experience that is simple and stress-free, helping you grow your business globally. The annual price increase is a critical part of that process, as it enables us to continually invest in our infrastructure and technology to ensure resilient, sustainable, and world-class customer solutions. And that's exactly what we will continue to do in 2024, by focusing on these main drivers:

Service Quality: A stable and resilient infrastructure is essential to secure supply chains, maintain global trade and support the daily business of our customers. As such, we continue to build facilities and upgrade many of our existing sites. We also continue to expand our air network, most recently with the order of nine converted Boeing 777 freighters. These investments allow us to grow our network and improve service quality for our customers.

Inflation: Although inflation rates in some countries have slowed, they remain generally high. Our price adjustments address this development. As a global network, we are affected not only by inflationary pressures within the Canadian market, but also by those that impact global trade activity.

Industry-Specific Costs: Our cost base is also affected by several other external factors that are particular to the shipping industry but not directly tied to inflation. This includes regulatory and security measures as well as increasing labor market costs.

Sustainability continues to grow in focus in all logistics conversations and I invite you to learn how our <u>GoGreen Plus</u> service, introduced in 2023, and our leveraging of Sustainable Aviation Fuel (SAF) can directly help make your products more environmentally friendly – a growing criterion in the purchase decision process of both individual consumers and businesses.

Digitalization retains its laser focus at DHL and we have brought to market a slew of tools to support our customers, in particular small businesses. For example, the new My Global Trade Services tool aims to reduce customs complexity and improve getting clearance 'first time right!'. The DHL Express Commerce tool can help small businesses fast-forward taking their online sales channels international. Small business owners, let us help support your growth by enabling you to Save More as you Ship More! You could benefit from our **Dynamic Discounting** commercial options. Interested? Let's connect!

In conclusion, please use this guide to learn how DHL Express products, services and tools can meet your logistics needs. **Thank you** for trusting us to be your Logistics Partner of Choice. Tell us how we can support your growth: reach out to us on <u>MyDHL+</u> or by calling Customer Service on 1-855-345-7447.

Sincerely,

Your Team DHL Canada

SUSTAINABILITY

Everything we do is to serve one purpose: Connecting people, improving lives.

To fulfill this purpose, we need to make every dimension of our business sustainable. Our Sustainability Roadmap sets out our ambitions in three focus areas: Environment, Social and Governance (ESG). Find case studies and more details here.

CLEAN OPERATIONS FOR CLIMATE PROTECTION

Our GoGreen Plus service allows you to GOGREEN embrace green logistics by insetting, or **PLUS** reducing, the CO2 within your own supply chain. We do this by using Sustainable Aviation Fuel (SAF). And that is not only good for the environment, it can benefit you by helping you to report your CO2 emissions. Here is how to get on board:

- With the GoGreen Plus basic contract, 30% CO2 reduction (insetting) is applied to all your express shipments via air.
- In MyDHL+, you can opt for GoGreen Plus and choose which shipments to invest in with SAF.
- Alternatively, choose a **customized offer** for even more CO2 reduction.

Our GoGreen Plus service is made possible following DHL's landmark collaborations with bp and Neste to supply DHL Express with SAF, which is expected to save some two million tons of carbon dioxide emissions over the aviation fuel cycle.

Green last-mile and line-haul

Electrify 60% of last-mile delivery vehicles and increase share of sustainable fuels in line haul to more than 30% by 2030.

Carbon neutral buildings

Design 100% of all new buildings to be carbon neutral.

Our GoGreen Plus service allows customers shipping TDI to inset their CO2 air emissions by up to 100%.

Through collaboration, we can make our supply chains more sustainable. Read more about the Era of Sustainable Logistics.

IMPORT SERVICES

With the DHL Express Worldwide Import product, you can import shipments from over 220 countries and territories in the world. This is more than any other express delivery company can offer. What's more, customers in, say, the USA can order an import from China not just to the USA, but to any other destinations as well – we call this a Third Country shipment.

There is no need for local brokers or forwarders to get involved in any part of the process. You are in full control, and able to manage all aspects of your imports in a very simple way.

If you need a faster delivery, our DHL Express 12:00 and DHL Express 9:00 services are available for import as well. You can order an import from another country, to be delivered to your country or any other destination, by using our dedicated electronic shipping solution for imports. You will have one account number, one invoice in a single currency and a fixed price that means you know exactly what you will pay.

GLOBAL TRADE AND YOU

A series of crises has put international trade at the center of the debate about economic growth and resilience. What are the current prospects for globalization and trade? Is there cause for concern? Is trade still an attractive source of growth? We deep dived into the data and conducted a thorough, fact-based analysis – and the results might just surprise you. In partnership with NYU Stern's Center for the Future of Management and its DHL Initiative on Globalization, the 'DHL Trade Growth Atlas' examines global trade growth trends and the trade patterns of 173 countries worldwide that combined make up more than 99% of world trade, GDP and population. Despite recent shocks and worsening macroeconomic conditions in much of the world, the study overall gives an upbeat assessment of the prospects for future trade growth.

We know the value of understanding the long-term global trade landscape for navigating short-term shifts in economic and trade growth. We help our customers make sense of what this means for their business to maximize the enormous potential of globalization and international trade.

POWERING UP THE POTENTIAL OF INTERNATIONAL E-COMMERCE

Discover and grow

Visit dhl.com/discover to learn more about how DHL helps e-commerce companies ranging from start-ups to large enterprises, advising them on how to grow internationally. Our e-commerce focussed country guides, white papers such as 'The Ultimate B2B E-Commerce Guide', customer and trend research and market intelligence tools can enable you to better understand your customers and their shipping requirements to take the next step in your e-commerce journey.

International e-commerce

We help our customers go global with ease and speed to maximize the enormous potential of international e-commerce. DHL supports our customers' international growth with:

- Global reach
- Express delivery options
- Flexible delivery options for receivers (see 'On Demand Delivery')
- Duty billing options and customs expertise
- Consultative advice for our customers on how to increase sales and grow cross-border

Fast, flexible and easy

Consumers expect everything 'on demand' – anytime, anywhere.

DHL shipping options give customers a distinct competitive edge: over 90% of online consumers look at the available delivery options before going to the checkout, and their decision is influenced by delivery speed, flexibility and ease.

DHL Express offers a wide range of optional services – from non-standard deliveries and billing options to climate neutral shipping.

GoGreen Plus

When selected, DHL will reduce (inset) CO2 emissions from air transport through the purchase of Sustainable Aviation Fuel (SAF). SAF can reduce lifecycle carbon emissions by up to 80% compared to traditional jet fuel. GoGreen Plus – Carbon Reduced service, supports Scope 3 emission reductions in alignment with the Science Based Target initiative. The process is audited annually by SGS (Société Générale de Surveillance) to ensure compliance with regulations and standards. Alternative reduction levels and CO2 emission reports are available on contractual basis only.

Dedicated Pickup

If your business needs a dedicated vehicle to collect unusual shipments, or a pickup outside normal business hours, we can arrange this for you.

Dedicated Delivery

On customer request, an immediate or non-routine, once-only delivery of a shipment within a normal working day or a holiday that involves a specific vehicle such as tail lift truck or more than one courier.

Saturday Pickup

In countries where Saturday is not a normal working day, DHL can arrange an ad-hoc pickup of smaller shipments up to 30 kg (66 lb). The service is available at selected postal locations only.

Saturday Delivery

We offer Saturday delivery services to key cities in more than 70 countries.

Shipment Value Protection

We recommend this comprehensive protection for your valuable or personal shipments, giving you peace of mind in the unlikely event of physical damage or loss. The service is subject to specific limitations and exclusions as described in our <u>Terms</u> and Conditions.

Extended Liability

If you are sending valuable documents such as passports, visa applications or regulatory certificates you can extend coverage and compensation beyond the DHL standard liability described in our <u>Terms and Conditions</u>. In the event of full or partial loss to a document shipment, a fixed compensation will be paid regardless of the replacement cost of the document.

OPTIONAL SERVICES

Shipment Preparation

This is a convenient, fast and reliable service for seasonal or irregular shipments that require extra resources for their preparation. DHL manages the entire process of waybill preparation, content selection, labeling and packaging, then sends the shipments to the designated addresses.

Packaging Supplies

Charges apply for all DHL standard packaging items including plastic flyers provided in bulks or stacks.

Residential Address

Customers shipping to a home or private residence can activate specific delivery options by designating the delivery address as residential. For such shipments, DHL will proactively notify the receiver via email or SMS about the shipment's progress. Receivers can then select the most suitable delivery option via On Demand Delivery.

Direct Signature

If you are sending sensitive documents or high value contents you can request DHL to obtain a direct signature from the consignee or a representative at the delivery address. DHL will ensure your shipment is not re-directed, or delivered at an alternative address.

Adult Signature

Delivery of a shipment to an adult. DHL will obtain a delivery signature from an adult at the stipulated delivery address.

Printed Invoice

This service is for customers who require a paper invoice where e-billing is the agreed standard. This service provides flexibility for a different invoicing method than what is already agreed.

Change of Billing

This applies when a customer requests a change of defined billing information on an already issued invoice, which will result in a reissuing of the invoice and, in case of an account change, crediting of the old account and debiting of the new.

Neutral Delivery

This service allows for the delivery of any shipment, without its value being shared or exposed to the receiver. DHL will ensure any paperwork exposing the value of the goods is removed from the shipment prior to delivery.

DUTY BILLING SERVICES

Duty Tax Paid

DHL can arrange for the shipper or a third party to be billed for any duties and taxes payable at destination, rather than the receiver of the shipment being billed. Charges apply whenever duties, taxes or other regulatory fees occur, and shipper has requested that those are to be billed outside of the destination country.

Customs Clearance Service Charge

A service charge is applied and collected on all imports of a nondocument shipment for which DHL Express (Canada) prepares a customs entry. Charges differ for casual importers without a DHL Brokerage account on file, and importers with a DHL Brokerage account on file.

SURCHARGES

View charges

In order to maintain a consistently high level of service, in specific circumstances DHL Express levies a surcharge for exceptional activities, ensuring that these surcharges are fair for all of our customers.

Fuel Surcharge

The fuel surcharge for International Time Definite services will be based on the daily average spot prices for US Gulf Coast (USGC) kerosene-type jet fuel, as reported by the U.S. Department of Energy between 3rd week release of prior month to 3rd week release of actual month. For example, the daily average price for fuel from 18th April to 15th May is used to determine the applicable surcharge in June.

The fuel surcharge applies to transportation charges on all services and to the following surcharges (where applicable): Saturday Delivery, Saturday Pickup, Elevated Risk, Demand Surcharge, Emergency Situation, Remote Area Delivery, Remote Area Pickup, Dedicated Pickup, Dedicated Delivery, Residential Address, Overweight Piece, Oversize Piece and Non-Stackable Pallet.

DHL reserves the right to change the fuel surcharge index and table with or without notice. Both the amount and duration of the surcharge will be determined at DHL's sole discretion.

Remote Area

This surcharge applies when a shipment is collected from or delivered to a location that is distant or difficult to serve.

Demand Surcharge

One or more Demand Surcharges will apply to shipments during a period of high demand. A period of high demand is to be determined by DHL at its own discretion but may include a time of high demand for shipping services or a period with high operational cost. Details regarding the application of Demand Surcharges are set forth at mydhl.express.dhl and will be subject to change upon prior notice. Demand Surcharges apply cumulatively if a shipment and/or individual pieces meet more than one of the specified criteria. Demand Surcharges apply in addition to the rates and any other applicable charges.

Emergency Situation

A temporary surcharge, which allows us to cover operating cost increases due to an emergency situation out of DHL's control. Change in market dynamics and air capacity availability is reflected through regular price adjustments. The charge will be applied pro rata based on the chargeable weight (invoiced weight) of a shipment.

Address Correction

A fixed surcharge is applied per shipment when the destination address provided by the Shipper is incomplete, outdated or incorrect and DHL is subsequently unable to deliver the shipment. DHL searches and determines the correct address to complete the delivery.

Data Entry

A surcharge applies if the shipping label is not correctly completed or has not been produced electronically according to DHL standards and therefore requires manual data entry by DHL.

Overweight Piece

A fixed surcharge is applied to every piece, including a pallet that exceeds a scale or volumetric weight of 70 kg (150 lb).

Oversize Piece

This fixed surcharge applies to every piece, including a pallet, with a single dimension in excess of 120 cm (48 in). Does not apply to pieces already subject to Overweight Piece surcharge.

Non-Stackable Pallet

This fixed surcharge is applied to every pallet within a shipment that cannot be stacked, either on request by the shipper, or because of its shape, content or packaging.

Formal Clearance / Non-Routine Entry

Applied to DHL invoice when customs investigate and require formal paper entry to be submitted. Applied in selected countries, when importing goods with an aggregated declaration value or weight exceeding the limits set by destination Customs Authorities, or due to other regulatory requirements are excluded from routine clearance on a consolidated manifest and thus require clearance under an individual entry form. Formerly known as RMD-Document Preparation.

Permits and Licenses

To accelerate import of selected controlled commodities, such as medical devices, pharmaceuticals, computer monitors, laser CD players, cosmetics, eyeglasses, food and food products, DHL is required to file specific information in order to obtain the required import permits or licenses.

Bonded Storage

The registration into bond, and subsequent holding of a shipment for more than 3 calendar days, following its arrival

date in a DHL or non-DHL bonded facility. Applicable when the holding of a shipment is requested by the customer, a shipment is awaiting clearance documents or clearance by a third party broker assigned by the customer.

Multiline Entry

When commercial documents have more than 5 lines, additional charge for extra lines typed will be applied to DHL invoice.

Release to Broker

At shipper or importer request, the release of a DHL Express shipment to the customer's designated customs broker of choice. DHL will transfer the responsibility for a shipment and related customs documentation to the customer's nominated broker for clearance and last mile delivery.

Broker Notification

At shipper or importer request, DHL will provide the necessary paperwork to the customer's designated broker to perform the import clearance and resume the delivery to the final destination once the clearance is completed.

Other Government Agency

The arrangement by DHL of any bio, health, phyto-sanitary, veterinary, quarantine, CITES or similar controls required by any authority and the preparation of any related paperwork, to facilitate the clearance of a shipment /piece.

Export Declaration

Applies in countries where an export declaration is required for shipments containing controlled commodities or exceeding a certain value threshold or weight. Where automated export systems are available to the public, shippers may avoid the charge by submitting the export declaration online. In case of IMP billed shipments DHL will submit the export declaration in order to accelerate the export at origin and pass the charge to the payers account.

Rebilling of Invoice

Applied when the Customer requests DHL to re-issue an invoice to an alternative address, different contact or company, change in terms of trade and/or for any other reasons not originally identified on the commercial documents.

Paying for Your Shipment

PREPARING YOUR SHIPMENT: AS EASY AS 1-2-3

Shipment weight

- Please weigh and measure your shipment.
- If you are sending a large but lightweight shipment, where its volumetric (dimensional) weight exceeds its actual weight, the cost of the shipment is calculated on the space your consignment takes up on the aircraft. This is a standard IATA method. To calculate the volumetric weight of your shipment, simply multiply the length by height by width in centimeters or inches, then divide the total sum by 5,000 if you have measured in centimeters or 139 if you have measured in inches, for each piece in the shipment.
- Any piece in the shipment may be re-weighed and/or re-measured by DHL to confirm this calculation.

2 Documentation required: waybill

- All shipments sent with DHL Express need to have a fully completed DHL waybill or label securely attached to each piece. This will enable the successful movement of your shipment through the DHL network. Each waybill or label is individually numbered to allow you to track your shipment from collection through to delivery.
- Your shipment may also need to be accompanied by customs documentation, such as a commercial or proforma invoice, as well as additional paperwork depending on the contents and value of the shipment and the country you are sending to.

Documentation required: invoice

- A commercial or proforma invoice is required when sending non-document shipments to countries and territories outside your origin country or customs union. This is essentially a declaration containing all the details of a transaction and is used by customs authorities to assess if duties or taxes are payable.
- A commercial invoice is used when goods are part of a commercial transaction or intended for resale.
- A proforma invoice is used when sending goods of no commercial value (for example, when sending samples).

PACKAGING YOUR SHIPMENT

To ensure that your shipments travel safely and securely through the DHL Express global network, it is important that they are packaged and labeled correctly.

Packaging guidelines

- If you are re-using envelopes or boxes, please ensure that old labels and markings are removed
- Securely fix a waybill to each piece in your shipment. The waybill can be thought of as the shipment's airline ticket and it will delay delivery if it becomes separated from your shipment
- The barcodes on the waybill are scanned at numerous points during your shipment's journey. Please ensure the barcode is flat and not covered by tape, shrinkwrap or strapping
- Place a waybill on the top or side of each piece in your shipment and please ensure it does not overlap the corners or edges of boxes
- Use adequate protective wrapping for fragile or delicate items and ensure they are packed as far away as possible from the corners of boxes
- To prevent injury to our employees, please pay special attention to the packaging of sharp items. There should not be any possibility of the contents piercing the packaging
- Any individual pieces over 70 kg (150 lb) should be placed on a pallet. If you are sending a multi-piece shipment, it is not necessary to place the individual pieces on a pallet unless they exceed 70 kg (150 lb). For example, a shipment comprising four 25 kg (55 lb) pieces does not have to be placed on a pallet

How to Ship with DHL Express

Digitalization

Zones and Rates

Digitalization is one of the most important trends impacting logistics, and it is one of the key pillars of DHL Group's Strategy 2025. Through digitalization we bring benefits for our customers, our operations and our own people.

We invest continually in market-leading technologies to help our customers to manage and monitor shipments, create shipping labels, get quotes, schedule courier pickups, connect with us and more. Digitalizing our operations provides more transparency, allowing us to better anticipate and meet our customers' needs.

MYDHL+

MyDHL+ re-imagines the way the shipping business does business, by combining the tools and services our customers use most. With its mobile friendly and intuitive interface, customers can now import, export, schedule a pickup, track shipments and pay bills more quickly than ever - all in one visit, with one password and zero headaches. MyDHL+ makes it incredibly easy to navigate the mydhl.express.dhl complexities of international shipping.

MY GLOBAL TRADE SERVICES

My Global Trade Services (MyGTS) is your trusted advisor for cross-border trade - taking the complexity out of customs. If you are wondering what the harmonized shipping (HS) codes are for your goods, what the estimated total cost of your shipment will be, what can help get your goods cleared, and what documentation may be required, find the answers to these questions and more on our online MyGTS portal.

And the benefits for you? You can support clearing customs more quickly and more accurately, help avoid delays and unexpected customs or tax costs, and pre-plan your shipment journeys so that you understand potential dhl.com/express/mygts prohibitions and restrictions.

ON DEMAND DELIVERY

DHL's On Demand Delivery tool keeps receivers informed of shipment progress, allowing them to reschedule, reroute, release or conveniently collect from a DHL Service Point. It is an innovative, easy-to-use, mobile-friendly service, especially for residential deliveries.

ondemand.dhl.com

Designed to enhance the online shopper's experience, the service is available globally, meaning consistent service standards and a harmonized user experience.

ROBOTICS

Driven by rapid technological advancements and increasing supply chain complexity, robotics solutions are entering the logistics environment, boosting productivity and driving zero-defect processes.

Robots are adopting more roles at DHL Express, assisting workers with the most repetitive and labor-intensive tasks and freeing them up to do higher-order, customer-facing activities. Examples include the use of articulated robotic arms for sorting inbound packages to last-mile delivery routes. We have four such robots in use globally, with this number set to double soon.

Our robots help get couriers out on the road faster – which means your parcels get delivered faster.

DIGITAL TRUST

Logistics requires transferring data and content around the world and we embrace a responsibility to do this securely. Our standards led by our Binding Corporate Rules and by our Data Privacy Policy apply throughout the DHL Group and are approved by the Supervisory Authorities. We maintain a comprehensive Information Security and Data Protection approach based on ISO/IEC 27001:2013 and GDPR, to ensure a high standard when managing customer information assets and personal data. We aim to provide a rapid response to any security incident via our 24x7 Cyber Defence Centre (CDC) with global coverage and our global DPO community.

DHL Group acts as controller in respect of any personal data it receives from customers and holds to effectively provide transportation services and in regard to the delivery of any shipments or documents that it processes to perform its contractual obligations. DHL Group will act as a data controller when an individual is executing their rights under privacy legislations.

Each piece weight is rounded up to the nearest 0.5kg for shipments up to 70kg, and to the nearest 1kg thereafter. Rates are stated in Canadian Dollars and are valid only until December 31st of the year; the Rates are subject to a General Price Increase (GPI) effective January 1st of each year. DHL reserves the right to revise the Rates at any time upon prior written notice to the Customer if there is a substantial change in the Customer's service requirements, local currency's exchange rate to EUR/USD or in DHL's costs. Rates do not include any accessorial surcharge, including Fuel. For more information, please contact our Customer Service Hotline at 1-855-DHL-SHIP (1-855-345-7447). Pricing does not reflect service capabilities. For a complete list of Terms and Conditions, please visit mydhl.express.dhl.

*DHL Express does not accept shipments exceeding 3,000 kg (6,600 lb), or containing pieces exceeding 1,000 kg (2,200 lb) or 300 cm (118 in) in length, and/or not meeting DHL standards for packing. Refer to our Packing Guide on mydhl.express.dhl. These network restrictions are subject to change with 30 days' notice.
