THE SCREENS

Once you have logged into MyBill you will be directed to the main Dashboard screen. From this screen you can navigate to numerous screens; **Archive, Downloads, Report, My Account, Search and Help.**

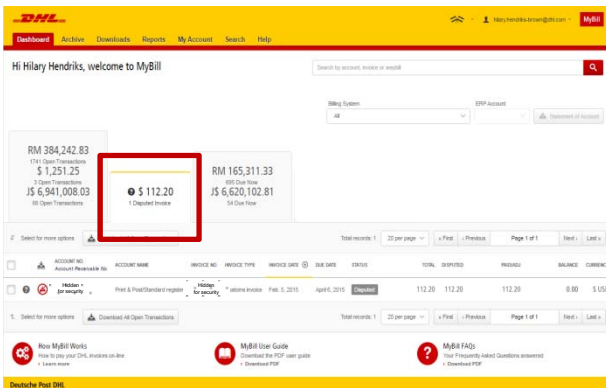

In the main **Dashboard** your invoices are divided into 3 categories:

Open Transactions - These are the invoices with outstanding balances that require payment.

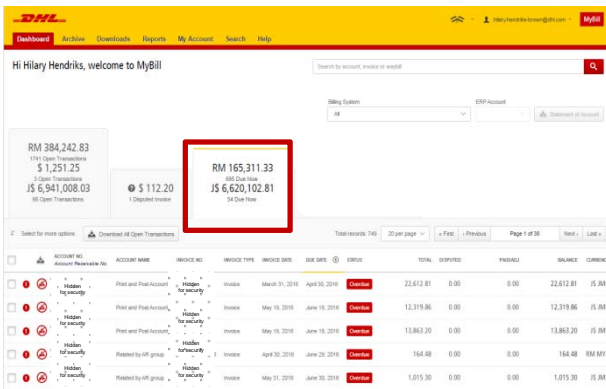

Disputed Invoices - All open disputed invoices and their corresponding dispute information can be found here.

Due Now - Here you will find an overview of invoices for which payment is due or overdue.

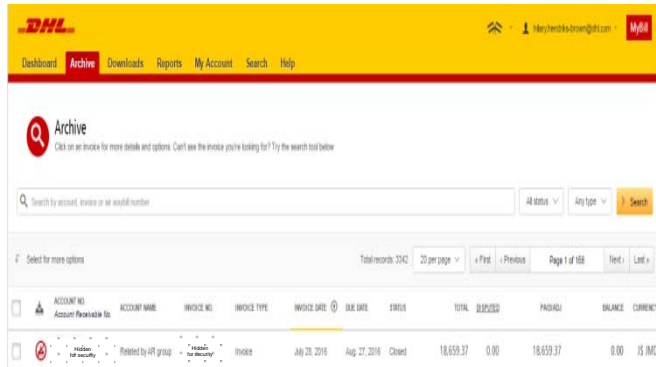

All three of these overviews can be downloaded into Excel by selecting the **Download All Open Transactions** button situation at the top and the bottom of each overview.

In the event that you use MyBill for multiple countries the totals will subsequently be shown separately in the invoice currency of each country (see the below example).

The Archive, Reports & Download Screens

STEP-BY-STEP

Over the next few pages we will explain, step-by-step, how to use the functionality of MyBill

Viewing an Invoice

There are several ways to download invoices; one invoice at a time or multiple invoices simultaneously.

Single invoices

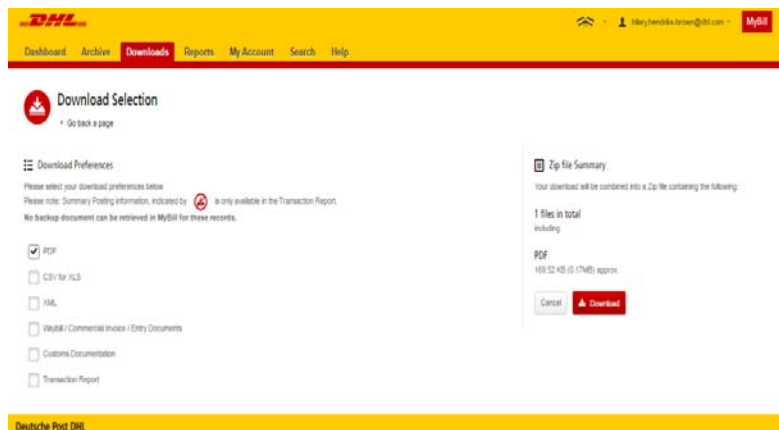

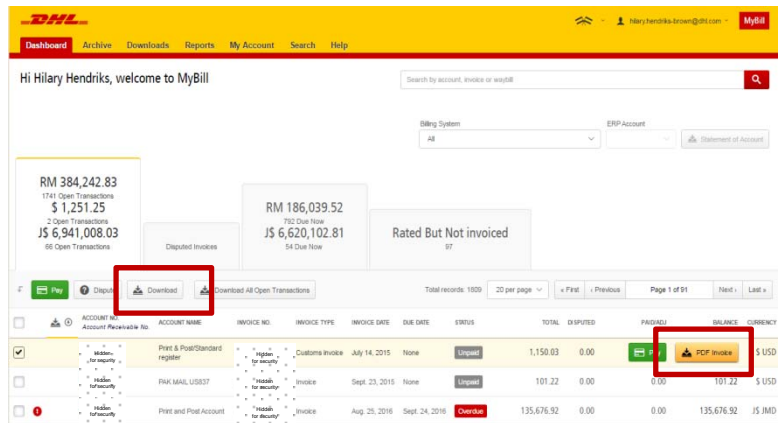

Option 1:

To view a single invoice simply hover your mouse over the invoice line and select the *PDF Invoice* that will subsequently appear.

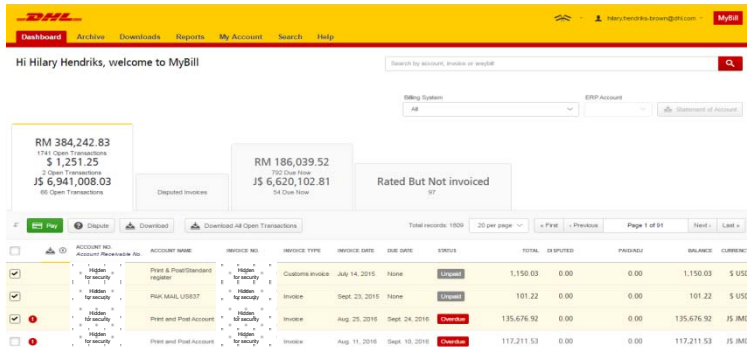

Option 2:

Tick the box next to the invoice you wish to view and select the *Download* button. If you wish to simply download the PDF then click the *Download PDF* button. If you would like to download the invoice in a different format (CSV, XML) then select the dropdown menu and choose the preferred format.

Should you select the *Download* option you will be redirected to the **Downloads** screen where you can chose your *Download Preference* by ticking the box next to your preferred format and clicking on the *Download* button

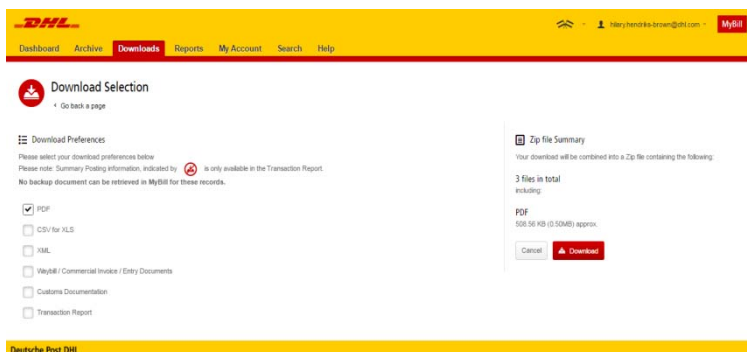

Viewing Multiple Invoices

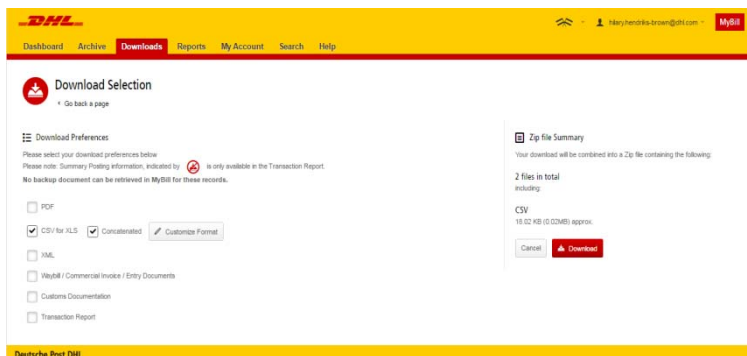

Multiple invoices

To download multiple invoices select the invoices you wish to view by ticking the boxes next to the invoices and then select the *Download* button.

As with the single invoice option, you will be redirected to the **Downloads** screen where you can choose your download preference.

Should you chose the *CSV for XLS* format you will be offered the possibility to customize the format. Should you wish to customize the format of the CSV file then select the *Customize Format* button otherwise select the *Download* button to continue with the standard format. You will be redirected to the **Download** screen from where you can download your file.

CSV Configuration

CSV Configuration

Should you wish to customize the format of your CSV file then you will be redirected to the **CSV Configuration** screen.

If you only require particular fields there is the flexibility to customize the file thereby reducing the extract to your specification and displayed in a set order. In order to customize the set order select the column header from the *Selected columns* field and drag across to the *Available columns* field; place columns in the order which best suit your needs.

In addition there is option to concatenate (consolidate) the files making it easier to import into your accounting system. Simply tick the *Concatenated* box and select the *Done, apply settings* button.

If you simply want to change the sort order of the CSV file then select one of the options available in the *Sort order* drop down menu.

Should you wish to save your settings then enter the name by which you wish to save these settings in the *Save all settings for later?* field before selecting the *Done, apply settings* button.

These saved settings can then be found back in the *Pre-saved configurations* drop-down menu.

Once you have finished customizing your CSV file and you've selected the *Done, apply settings* button you will be redirected to the **Downloads** screen where you can download your file.

Waybills & Supporting Documentation

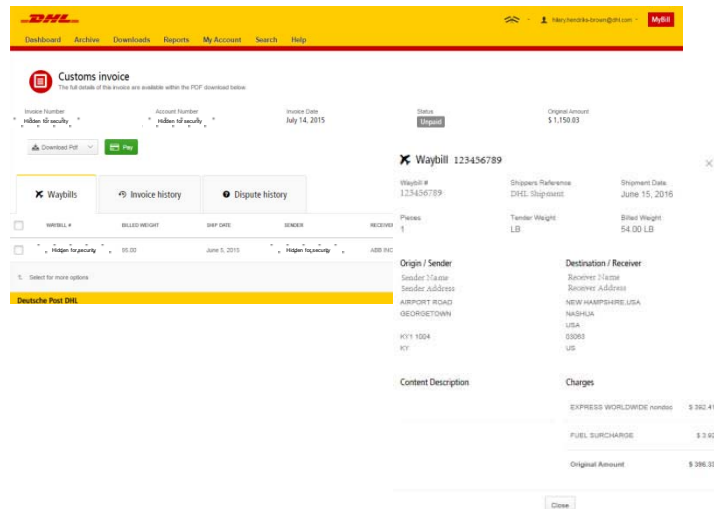

Waybills and Customs paperwork

Below this is a table of invoices with columns for 'INVOICE NUMBER', 'ACCOUNT NUMBER', 'INVOICE DATE', 'STATUS', and 'ORIGINAL AMOUNT'. Two invoices are listed, both with a status of 'Unpaid' and original amounts of RM 44.44 and RM 143.09.
