DEAR CUSTOMER

Welcome to the DHL Express Service and Rate Guide 2023. Use this guide to learn how DHL Express products, services and tools can meet your logistics needs. DHL Express is the global market leader and a specialist in Time Definite International (TDI) shipping and courier delivery. We have been building and continuously improving for over 50 years through our team of 120,000 Certified International Specialists, helping more than 2.7 million customers globally.

The world has been buffeted by COVID-19 since 2020. We are proud that DPDHL, having enabled supply chains to move more than 2.5 billion vaccine doses so far, continues to contribute to the solution – and we are adapting every day to a still-evolving situation. Apart from the pandemic, the Ukraine crisis has also added material complexity to global logistics.

In response to these and other uncontrollable events, we continue to make significant **investments** to reinforce the resilience of our global network and secure critical supply chains – thereby continuing to prove our ability to offer reliable services to our customers globally. As an example, we invested in the expansion of our air network, with new airline collaborations with Cargojet and Singapore Airlines in addition to the acquisition of six Boeing 777F aircraft.

In the United States, we continue to expand our retail presence with new pop-up stores in convenient locations nationwide, along with investments in new service centers to increase our local pickup and delivery capacity. In October, 2022 we opened a new hub in Atlanta, which expands our capacity and improves connectivity to the rest of the world. These expansions also support our commitment to sustainability, where we are investing in LEED buildings, expanding our fleet of electric vehicles, and helping customers meet their environmental goals through GOGREEN services. Our efforts also aim to leverage digitization to optimize our delivery routes, reinforce safety, speed Customs clearance, and improve cybersecurity. Investments like these allow us to grow the DHL network and improve service quality for you – our customer.

Environmental responsibility continues to be a pillar of our long-term strategy through the DPDHL Sustainability Roadmap. In 2022 we signed ground-breaking agreements with bp and

Neste to increase our use of Sustainable Aviation Fuel (SAF). We continue to accelerate the electrification of our last-mile fleet while investing in next-generation technology such as the all-electric Alice airplane, designing and constructing carbon neutral buildings and offering a portfolio of green products. Read more about this on page 4 and on the DPDHL Sustainability portal.

As part of Strategy 2025, we continue to earmark **Digitalization** – which we define as the conscious application of technology and enablement of people, as a means to improve – as a key enabler to reach the next level of excellence for our customers, for our employees and to drive operational efficiency. Read about some of the key developments on pages 15 and 16 and how they benefit you. Try some of them out at MyDHL+ if you haven't already!

We strive to successfully continue our partnership and remain committed to supporting your business anytime and anywhere. **Globalization** remains a powerful force and we invite you to read the first edition of the global DHL Trade Growth Atlas report, which we hope will become a go-to resource for understanding and navigating shifts in the global trade landscape – see page 7 for more. Thank you for trusting us to be your Logistics Partner of Choice! Let us know how we can support you further by reaching out on MyDHL+ or by calling Customer Service on **1-800-CALL- DHL**.

Sincerely,

Greg Hewitt

CLEAN OPERATIONS FOR CLIMATE PROTECTION

Leader in sustainable aviation

Sustainable Airline Fuel (SAF), one of the key ways to reduce CO₂ in aviation, is already in use in our network. Two landmark collaborations signed by DHL Express with bp and Neste in 2022 are expected to save some **two million tons** of carbon dioxide emissions over the aviation fuel cycle – equivalent to the annual greenhouse gas emissions of approx. 400,000 passenger cars. In this way, we are making significant steps towards our commitment to use **30%** of SAF blending for all air transport by 2030.

Looking even further ahead, DHL is already pioneering next-generation innovations: [read more about Alice](#), the all-electric plane.

Green last-mile and line-haul

Electrify **60%** of last-mile delivery vehicles and increase share of sustainable fuels in line haul to more than **30%** by 2030.

Carbon neutral buildings

Design **100%** of all new buildings to be carbon neutral.

Green product portfolio

Offer green alternatives for **100%** of all core products and solutions.

IMPORT SERVICES

With the DHL Express Worldwide Import product, you can import shipments from over 220 countries and territories in the world. This is more than any other express delivery company can offer. What's more, customers in, say, the USA can order an import from China not just to the USA, but to any other destination as well. We call this a Third Country shipment.

There is no need for local brokers or forwarders to get involved in any part of the process. You are in full control, and able to manage all aspects of your imports in a very simple way.

If you need faster delivery, our DHL Express 12:00 and DHL Express 10:30 services are available for import as well. You can order an import from another country, to be delivered to your country or any other destination, by using our dedicated electronic shipping solution for imports. You will have one account number, one invoice in a single currency and a fixed price. That way you know exactly what you will pay.

DHL EXPRESS ENVELOPE

Our DHL Express Envelope service provides door-to-door international delivery of lightweight document shipments by the end of the next possible business day. It also offers you CO2 emissions reduction (inset) from air transport through the purchase of Sustainable Aviation Fuel (SAF) at no extra charge.

- Up to 10 oz.

GLOBAL TRADE AND YOU

A series of crises has put international trade at the center of the debate about economic growth and resilience. What are the current prospects for globalization and trade? Is there cause for concern? Is trade still an attractive source of growth? We took a deep dive into the data and conducted a thorough, fact-based analysis – and the results might just surprise you. In partnership with NYU Stern's Center for the Future of Management and its DHL Initiative on Globalization, the 'DHL Trade Growth Atlas' examines global trade growth trends and the trade patterns of 173 countries worldwide that combined make up more than 99% of world trade, GDP and population. Despite recent shocks and worsening macroeconomic conditions in much of the world, the study overall gives an upbeat assessment of the prospects for future trade growth.

We know the value of understanding the long-term global trade landscape for navigating short-term shifts in economic and trade growth. We help our customers make sense of what this means for their business to maximize the enormous potential of globalization and international trade.

OPTIONAL SERVICES

View charges

DHL Express offers a wide range of optional services – from non-standard deliveries and billing options to climate neutral shipping.

Adult Signature

At customer's request, DHL will obtain a delivery signature from an adult at the stipulated address. If, for local legislative reasons, proof of the receiver's age needs to be verified, DHL may need to request presentation of a valid government-issued personal identification document.

Change of Billing

The Change of Billing service applies when a customer requests a change of defined billing information on an already-issued invoice, which is not due to DHL Express' fault and which will result in a reissuing of the invoice and, in case of account change, crediting of the old account and debiting of the new account

Direct Signature

Upon customer's request, DHL will obtain a signature from the receiver or a representative at the delivery address. In case no one is at the delivery address, DHL will reattempt delivery. DSR shipments cannot be re-routed, dropped in a post box or left with the neighbor. The receiver is authorized to arrange an alternative delivery time at the same delivery address or to collect the shipment from a DHL owned ServicePoint.

Extended Liability

When sending valuable documents such as passports, visa applications or regulatory certificates, the shipper can extend coverage and compensation in case of loss beyond the standard liability limits as described in our Terms and Conditions, Section 6. In the event of full or partial loss to a document shipment, fixed compensation will be paid regardless of the replacement cost of the document.

GoGreen Plus Carbon Reduced

Reduce 30% of your shipment's carbon emission. When selected, DHL will reduce (inset) CO2 emissions from air transport through the purchase of Sustainable Aviation Fuel (SAF). Sustainable Aviation Fuel can reduce lifecycle carbon emissions by up to 80% compared to traditional jet fuel. GoGreen-Plus – Carbon reduced service, supports Scope 3 emissions reductions in alignment with the Science Based Target initiative. The process is audited annually by Société Générale de Surveillance (SGS) to ensure compliance to regulation and standards.

Alternative reduction levels and CO2eWTW emission reports are available on contractual basis only. For further information please visit dhl.com/sustainability or contact your Sales Representative.

GoGreen Carbon Estimate Report

DHL will provide your company with a high-level estimate of your CO2 emissions footprint based on your own shipping profile. For a single annual service charge, based on your selected option, your company will receive twelve monthly, four quarterly or one annual report of your CO2 emissions footprint of shipping. The report is based on global average carbon emission factors and helps support your forecasting needs.

GoGreen Carbon Footprint Report

DHL will provide your company with detailed reports showing your actual CO2 emissions footprint. This report covers all emissions at the trade lane, product, mode-of-transport and account levels for a calendar year. The report supports your company by target-setting a baseline to evaluate carbon reduction decisions. For a single annual service charge, your company will receive twelve monthly, four quarterly or two annual (one detailed and one summary) reports, based on the selected option per calendar year, to measure your transportation CO2 emissions footprint. The CO2 emissions calculation methodology is verified by the Swiss-based auditor Société Générale de Surveillance SA (SGS), the world's leading inspection, verification, testing and certification company.

GoGreen Climate Neutral

The service comprises the calculation of carbon emissions at shipment level through a specialized tool, the offsetting of those carbon emissions through DHL's Carbon Management activities, and the annual certification of those offsetting activities by an accredited third party, Société Générale de Surveillance (SGS).

MISSION 2050
ZERO EMISSIONS
GOGREEN

GoGreen Climate Neutral Ad-Hoc

MyDHL+ users can request ad-hoc climate neutral shipping service for individual shipments. The customer can selectively request climate neutral shipping by ticking the respective service box in the shipping tool. An annual certification is not included.

Monthly Pickup Service

For customers requiring regular DHL Express pickup service, a service charge will apply.

Neutral Delivery

An optional delivery service, allowing the shipper or importer to maintain confidentiality over the declared value of the goods. The delivery facility ensures any shipment documentation that might reveal the value of the goods has been removed by the origin before delivery.

Non-Standard Pickup

A charge will apply for customers who call their pickup requests into Customer Service or request them via the web or shipping system. This charge will not apply if the shipment is dropped off at a DHL Express ServicePoint. To find a location near you click [here](#).

Plastic Flyers

Charges may apply for Plastic Flyers provided in bulks or stacks.

Printed Invoice

E-Billing is the standard. Customer requesting a hard copy printed invoice are to be charged. A charge applies to every paper invoice provided.

Residential Address

Customers shipping to a home or private residence can choose to activate specific delivery options by designating the delivery address as residential. For shipments designated as Residential Address, DHL Express will proactively notify the receiver via

email or SMS about the shipment's progress. Receivers can then select the delivery option that best suits their requirements via the On Demand Delivery website.

Saturday Delivery/Pickup

At shipper's request, an ad-hoc delivery or pickup of a shipment up to 300 kg / 600 lbs and pieces up to 30 kg / 60 lbs on a Saturday, at selected postal code areas that have the operational capability, where Saturday is not a normal working day. This service is not available in the U.S. & U.S. territories. To check availability, please contact our Customer Service team.

Shipment Preparation

At shipper's request, a convenient and on-demand service for shipment volumes that require short-term extra resources for their preparation. DHL Express manages the process of shipment preparation, content selection, labeling and paperwork, and then sends the parcels to the addresses provided.

Shipment Value Protection

Upon the shipper's request, as indicated on the waybill, DHL will provide value protection coverage. Charges will vary based on origin of shipment and total of coverage requested (minimum charges apply). Shipper requests for Shipment Value Protection over \$500,000 per shipment must be pre-approved by DHL. DHL is willing to consider these requests, but is under no obligation to approve them.

The **DHL Optional Services** listings are available at mydhl.express.dhl/us/en/ship/optional-services.html and will be updated or supplemented from time to time. Optional Services will be billed in accordance with the DHL list of Optional Services, Surcharges & Customs Services in effect at the time the shipment is tendered. DHL Optional Services, Surcharges & Customs Services are in addition to applicable transportation charges.

 - Radioactive material of Class 7 including Excepted Packages.
- To start shipping Dangerous Goods or to find out more, call the DHL International Dangerous Goods Hotline at 1-866-817-3794.

Data Entry

A surcharge applies for each shipment consigned with non-electronic, paper based manual house waybills. Electronic shipping documentation incurs no additional charges.

Dry Ice UN1845

A surcharge is applied per shipment when the handling and transportation of shipments involves Dry Ice UN1845 used as a freezing agent for non-dangerous goods such as diagnostic specimens.

Elevated Risk

A surcharge is applied when shipping to or importing from a destination country, DHL is operating at elevated risk due to continuous state of war, civil unrest, or continuous threats from terrorism. The list of destination countries in scope is published online as part of the respective surcharge table. This charge may apply in addition to Restricted Destination.

Fuel Surcharge

Applicable to both domestic and international shipments, this variable surcharge is applied to the weight charge of each shipment and any transportation-related surcharges. It is derived from publicly available fuel indices, which are also displayed on our website mydhl.express.dhl/us Each month, the fuel surcharge is calibrated to the oil price that was current two months prior to the billing month.

Late Payment

A late payment charge of 5% or the maximum amount allowed by law (whichever is less) will be assessed on invoices greater than 30 days past the due date.

The **DHL Surcharges** listings are available at mydhl.express.dhl/us/en/ship/surcharges.html and will be updated or supplemented from time to time. Additional Handling Surcharges:

Non-Stackable Pallet

A fixed surcharge is applied to every pallet in a shipment that cannot be stacked, either on request of the shipper or by nature of the shape, content or packaging of the goods on the pallet.

Oversize Piece

A fixed surcharge is applied to every piece, including a pallet, with a single dimension in excess of 48 inches for shipments originating in the U.S. and U.S. Territories (120 cm. for shipments originating outside of the U.S. and U.S. Territories).

Overweight Piece

A fixed surcharge is applied to every piece, including a pallet, that exceeds a scale or volumetric weight of 150 lbs. for shipments originating in the U.S. and U.S. Territories (70 kg. for shipments originating outside of the U.S. and U.S. Territories).

Remote Area

DHL applies a surcharge per shipment when the pick up or delivery destination location is remote. Remote is defined as distant islands and highlands, or a postal code, suburb or town that is difficult, inaccessible or infrequently served.

Restricted Destination

A surcharge applies when shipping to a destination country or importing from a destination country that is subject to specific trade restrictions imposed by the UN Security Council or national legislation, such as the EEAS of the European Union or the US Office of Foreign Assets Control (OFAC). The list of destination countries in scope is published online as part of the respective surcharge table. This charge may apply in addition to Elevated Risk.

Emergency Situation

A temporary surcharge, which allows us to cover operating cost increases due to an emergency situation out of DHL's control. A Change in market dynamics and air capacity availability is reflected through regular Emergency Situation price adjustments. The charge will be applied based on the chargeable weight (invoiced weight) of a shipment.

Demand Surcharge

One or more Demand Surcharges will apply to shipments during a period of high demand. A period of high demand is to be determined by DHL at its own discretion, but may include a time of high demand for shipping services or a period with high operational cost. Details regarding the application of Demand Surcharges are set forth at <http://mydhl.express.dhl/> and will be subject to change upon prior notice. Demand Surcharges apply cumulatively if a shipment and/or individual pieces meet more than one of the specified criteria. Demand Surcharges apply in addition to the rates and any other applicable charges.

DHL Express is the international specialist in shipping, with extensive knowledge and experience of dealing with customs topics worldwide. For your peace of mind, we provide a wide range of customs support for standard as well as non-routine customs-clearance processes. By making sure that clearance is a smooth and efficient process, we ensure your shipments arrive as quickly as possible, and leave you free to focus on your core business. With our online tool (tas.dhl.com) we provide essential customs information to help you prepare your shipments.

Bonded Storage

Storage charges apply when the shipment cannot be released by Customs due to inaccurate or missing paperwork. Charges take effect three calendar days after the freight arrival date or broker notification, whichever is later. The charge applies to the duty and taxes payer.

Bonded Transit

At customer's request, the transit of a shipment under customs bond. Can arise when delivering ship spares to a foreign ship at anchor, aircraft parts to an aircraft on ground or to a customer's own bonded warehouse. Can apply also when shipments move domestically from/to a Free Trade Zone/Bonded Warehouse.

Broker Notification

At the importer's request, DHL will provide the necessary paperwork to the customer's designated broker to perform the import clearance and resume the delivery to the final destination once the clearance is completed. DHL is subsequently not responsible for the timeliness of the submission to customs or for the release of the shipment.

Clearance Paperwork

A Commercial Invoice is also known as a Pro Forma Invoice and is required by Customs when non-document goods are shipped internationally. Upon request, or when it is missing, DHL will attach the documentation on behalf of the customer, for a service charge.

Continuous Bond

Upon customer's request and receipt of customer's application, DHL will purchase a continuous bond on the customer's behalf. The continuous bond would remain in effect for a year and would cover all entries for the importer of record, through any

port, provided the broker has a valid Power of Attorney from the importer or principal. The continuous bond renews annually until terminated by importer, principal, Customs Broker or Surety. For example, the minimum bond amount required by CBP is \$50,000 or 10% of the total duties, taxes and fees, plus all open increased duty bills and debit vouchers paid in the previous 12 months – whichever is greater. Higher bond values are also available at a tiered rate.

Controlled Export

All U.S. Department of State (DOS) shippers must be approved in advance by DHL. The ACE AES Electronic Export Information (EEI) must be filed in ACE at least 8 hours prior to export. Temporary export and import licenses require physical presentation to CBP at the port of export for decrementation. A service charge applies to all DOS shipments for the special handling required by our Controlled Export Team.

Export Declaration

Applies in countries where an export declaration is required for shipments containing controlled commodities or exceeding a value threshold (\$2,500.00) or weight. Where automated export systems are available to the public, shippers may avoid the charge by submitting the export declaration online. In case of import billed shipments DHL will submit the export declaration in order to accelerate the export at origin and pass the charge to the payers account.

The **DHL Customs Services** listings are available at mydhl.express.dhl/us/en/ship/customs-services.html and will be updated or supplemented from time to time. General Order Warehouse Storage

Any shipment that has been in the DHL warehouse for 20 calendar days without entry must be reported to CBP as eligible for General Order. The General Order Warehouse operator may retrieve the shipment and retain until final disposition. Charges assessed by the warehouse operator for transportation and storage will be passed to the importer.

Import Paperwork

DHL will provide copies of import documentation previously supplied to the importer/ultimate receiver, at an additional cost. When available, an electronic copy may be provided, for a service charge. Additional copies of import documentation will be supplied by the importing gateway when requested by the receiver. Copies of files for express manifested clearances are not available.

Import/Export Duties

Duty is applied by U.S. Customs at the time of initial entry and varies depending on contents and origin of shipment. Additional duties may be applied by U.S. Customs after the initial Customs entry, when estimated duties were paid, or when an entry is audited, causing a change in the duty owed. These charges will appear on the DHL Express duty invoice.

Taxes are applied by U.S. Customs, based on the value of the goods being imported.

Merchandise Processing

Merchandise Processing is a Customs-imposed service charge paid by all Brokers on formal entries. The rate is a percentage of the net entered value of the goods. Minimums and maximums apply.

Multiline Entry

The clearance of a shipment with multiple commodities or multiple origins for the same commodity. Charges apply when more than 5 lines are recorded on the customs clearance, for example with different commodities or different countries of manufacture.

Other Government Agency (Border Controls)

Government charges apply when DHL Express arranges the clearance of any items subject to bio, health, phyto-sanitary, veterinary, quarantine, CITES or similar controls required by any

regulatory agency. This includes the preparation of any related paperwork, to facilitate the clearance of a shipment. This also includes, but is not limited to: licenses, permits and inspections required by the U.S. Fish & Wildlife Service (F&WS) or other government agencies, for certain commodities imported into the U.S. This also includes any overtime charges from the F&WS for instances in which an importer requests clearance outside of the F&WS normal working schedule. Charges vary based on the government requirements.

Permits and Licenses

To accelerate import of selected controlled commodities, such as medical devices, pharmaceuticals, computer monitors, laser CD players, cosmetics, eyeglasses, and food and food products, DHL is required to file specific information in order to obtain the required import permits or licenses. The charge applies to the duty and taxes payer.

Post Clearance Modification

If requested by Customs authorities or the Importer/Exporter, DHL may add or modify data declared to Customs authorities for clearance purposes. This includes data such as declared values, classification of the goods and importer details, based on documentary evidence gathered from or confirmed by the Importer or Exporter.

Preferential Origin

At shipper's request, the preparation or provision of a Certificate of Origin or other similar forms by DHL to certify the goods in a particular export shipment have been produced, manufactured or processed in a particular country allowing preferential rates of duty to be claimed at destination. When exporting from the U.S., this service is available only for goods made in the United States.

Prior Notice

Food and Drug Administration (FDA) bioterrorism regulations require that a Prior Notice (PN) for all shipments containing food or food products be filed electronically with the FDA prior to shipment arrival. DHL Express will prepare and submit a PN for all imported food shipments for a service charge. Customers may file directly with the FDA to avoid the PN service charge. Customers who wish to self-process to avoid PN charges must provide a detailed shipment description and the FDA PN confirmation number (10 digits) on the Commercial Invoice, and also on the shipment waybill in the description section. A printed copy of the PN confirmation should also be included with the waybill and invoice. Note: Prior Notice does not include Obtaining Permits & Licenses for FDA Entry Preparation.

The DHL Customs Services listings are available at mydhl.express.dhl/us/en/ship/customs-services.html and will be updated or supplemented from time to time. Customs Services will be billed in accordance with the DHL list of Optional Services, Surcharges & Customs Services in effect at the time the shipment is tendered. DHL Optional Services, Surcharges & Customs Services are in addition to applicable transportation charges.

Regulatory Charges

Fiscal charges raised by Customs authorities to complete the import or export of a shipment. Examples of a regulatory charge may include the express consignment fee that U.S. Customs & Border Protection charges for customs clearance through express consignment carrier facilities.

Single Clearance

Under 19 CFR 128 Express Consignments regulations, non-restricted merchandise based on value and commodity can be cleared on a consolidated manifest for more cost- and time efficient processing. DHL will assess a service charge for the following clearance processing that require individual handling:

- When the importer requests a single formal entry if the shipment is qualified to be cleared informally on the manifest
- If U.S. Customs and Border Protection requires Live Entry
- If the commodity and country of origin require Antidumping/Countervailing Duties at time of import

Temporary Import/Export

At a customer's request or when the document is missing from the shipment at origin, DHL will prepare an international Customs document, e.g. ATA Carnet, to simplify Customs procedures for the temporary import/export of various goods. Photographic proof, written details or original receipts are often required to identify the goods. An importer can also import certain classes of goods into the U.S. duty-free by posting a bond, according to 19 CFR Part 10. The importer must complete and sign the DHL Temporary Importation under Bond (TIB) contract and processing procedures prior to preparing a TIB entry. A service charge will be assessed for any Temporary Import/Export services.

Under Bond/Guarantee

A single-transaction bond is used in lieu of a continuous bond, in the event a customer is not bonded. A service charge will be assessed (minimum applies).

DUTY BILLING SERVICES

Duty Tax Paid

At Customer's request, DHL clears the shipment at destination and arranges for the applicable import duties, taxes and regulatory charges to be invoiced to a specified DHL account at origin or third country, rather than the receiver of the shipment being billed at destination. In addition to billing the specified DHL account for such duties, taxes or regulatory charges, DHL assesses on the duty tax payer an extra charge based on a flat rate or a percentage of the fiscal charges that were paid.

Duty Tax Importer

At Customer's request, DHL clears the shipment at destination and arranges for any applicable import duties, taxes and regulatory charges to be invoiced to a specified DHL account at destination. In addition to billing the specified DHL account for such duties, taxes and regulatory charges, DHL assesses on the duty tax payer an extra charge based on a flat rate or a percentage of the fiscal charges that were advanced.

Duty Tax Receiver

This default service covers any import of a non-document shipment for which DHL has used its own credit line with Customs to advance or guarantee the payment of duties, taxes or regulatory charges on behalf of receivers (importers and consumers) with whom DHL has no contract. In addition to billing the receiver for such duties, taxes or regulatory charges, DHL assesses on the receiver an extra charge based on a minimum rate or a percentage of the fiscal charges that were advanced or guaranteed.

PREPARING YOUR SHIPMENT: AS EASY AS 1-2-3

1 Shipment weight

- Please weigh and measure your shipment.
- If you are sending a large but lightweight shipment, where its volumetric (dimensional) weight exceeds its actual weight, the cost of the shipment is calculated on the space your consignment takes up on the aircraft. This is a standard IATA method. To calculate the volumetric weight of your shipment, simply multiply the length by height by width in inches, then divide the total sum by 139 for each piece in the shipment.
- Any piece in the shipment may be re-weighed and/or re-measured by DHL to confirm this calculation.

2 Documentation required: waybill

- All shipments sent with DHL Express need to have a fully completed DHL waybill or label securely attached to each piece. This will enable the successful movement of your shipment through the DHL network. Each waybill or label is individually numbered to allow you to track your shipment from collection through to delivery.
- Your shipment may also need to be accompanied by customs documentation, such as a commercial or proforma invoice, as well as additional paperwork depending on the contents and value of the shipment and the country you are sending to.

3 Documentation required: invoice

- A commercial or proforma invoice is required when sending non-document shipments to countries and territories outside your origin country or customs union. This is essentially a declaration containing all the details of a transaction and is used by customs authorities to assess if duties or taxes are payable.
- A commercial invoice is used when goods are part of a commercial transaction or intended for resale.
- A proforma invoice is used when sending goods of no commercial value (for example, when sending samples).

PREPARING YOUR SHIPMENT INVOICE

Your invoice will require the following details:

1. DESCRIPTION

Generic or broad descriptions are no longer permitted and are likely to cause delays. Descriptions should include the items, how many there are, what they are made of, and what they will be used for. Describing items as 'samples', 'parts' or 'electronics' is not acceptable for customs classification, safety and security reasons. Instead of 'electronics', for example, use a description such as 'television'.

2. COMMODITY CODE

This is the product identification code used by the exporting country to classify the goods to be exported. It assists clearance and avoids delays.

3. COUNTRY OF MANUFACTURE/ORIGIN

This relates to the place of manufacture, not the country of export. If items are manufactured in more than one country, please list the origins.

4. TOTAL DECLARED VALUE

This is the total value of the transaction for customs purposes based on the Incoterm selected. The total declared value should include freight and insurance charges if the seller is responsible for these two elements.

5. TYPE OF EXPORT

The options are: (1) Permanent; (2) Temporary; and (3) Repair & Return.

6. INCOTERM

Insert the Incoterm that best describes the terms of the transaction. For example, DAP (Delivered At Place).

7. REASON FOR EXPORT

This could be: For Sale; For Repair; After Repair; Gift; Sample; Personal Use Not For Resale; Replacement; Intercompany Transfer; or Personal Effects.

PACKAGING YOUR SHIPMENT

To ensure that your shipments travel safely and securely through the DHL Express global network, it is important that they are packaged and labeled correctly.

Packaging guidelines

- If you are re-using envelopes or boxes, please ensure that old labels and markings are removed
- Securely fix a waybill to each piece in your shipment. The waybill can be thought of as the shipment's airline ticket and it will delay delivery if it becomes separated from your shipment
- The barcodes on the waybill are scanned at numerous points during your shipment's journey. Please ensure the barcode is flat and not covered by tape, shrinkwrap or strapping
- Place a waybill on the top or side of each piece in your shipment and please ensure it does not overlap the corners or edges of boxes
- Use adequate protective wrapping for fragile or delicate items and ensure they are packed as far away as possible from the corners of boxes
- To prevent injury to our employees, please pay special attention to the packaging of sharp items. There should not be any possibility of the contents piercing the packaging
- Any individual pieces over 150 lb. should be placed on a pallet. If you are sending a multi-piece shipment, it is not necessary to place the individual pieces on a pallet unless they exceed 150 lb. For example, a shipment comprising four 55 lb. pieces does not have to be placed on a pallet

DHL packaging

ROBOTICS

Driven by rapid technological advancements and increasing supply chain complexity, robotics solutions are entering the logistics environment, boosting productivity and driving zero-defect processes.

Robots are adopting more roles at DHL Express, assisting workers with the most repetitive and labor-intensive tasks and freeing them up to do higher-order, customer-facing activities. Examples include the use of articulated robotic arms for sorting inbound packages to last-mile delivery routes. We have four such robots in use globally, with this number set to double soon.

Our robots help get couriers out on the road faster – which means your parcels get delivered faster.

DIGITAL TRUST

Logistics requires transferring data and content around the world and we embrace a responsibility to do this securely. Our standards led by our binding Corporate Rules and by our [Data Privacy Policy](#) apply throughout the DPDHL Group and are approved by the Supervisory Authorities. We maintain a comprehensive [Information Security](#) and [Data Protection](#) approach based on ISO/IEC 27001:2013 and GDPR, to ensure a high standard when managing customer information assets and personal data. We aim to provide a rapid response to any security incident via our 24x7 Cyber Defence Centre (CDC) with global coverage and our global DPO community.

DPDHL acts as controller in respect of any personal data it receives from customers and holds to effectively provide transportation services and in regard to the delivery of any shipments or documents that it processes to perform its contractual obligations. DPDHL will act as a data controller when an individual is executing their rights under privacy legislations.

CUSTOMER SHIPPING INTEGRATION

Using EDI and XML Services enables you to incorporate DHL's online shipping capabilities into your own website, warehouse or customer service application. This provides global shipment tracking while making it faster and easier to access information about transit times, rates and courier bookings.
