OPTIONAL SERVICES

DHL Express offers a wide range of optional services – from non-standard deliveries and billing options to climate-neutral shipping. With these options, we give you the flexibility to choose the service that best fits your needs.

Change of Billing

[View charges](#)

This applies when a customer requests a change of defined billing information on an already issued invoice, and which will result in a reissuing of the invoice and, in case of an account change, crediting of the old account and debiting of the new.

Direct Signature

[View charges](#)

If you are sending sensitive documents or high-value contents, you can request that DHL obtain a direct signature from the consignee or a representative at the delivery address. DHL will ensure your shipment is not redirected or delivered at an alternative address.

Duties and Taxes Paid (DTP)

[View charges](#)

DHL Express can arrange for the shipper or a third party to be billed for any duties and taxes payable at destination, rather than the receiver of the shipment being billed. Charges apply whenever the shipper requests that duties, taxes or other regulatory fees be billed outside of the destination country.

Extended Liability

[View charges](#)

If you are sending valuable documents such as passports, visa applications or regulatory certificates, you can extend the DHL standard liability with this service. It provides additional coverage and compensation in the case of loss or damage.

GoGreen Carbon Estimate Report

[View charges](#)

DHL will provide your company with a one-time, high-level estimate of your CO2 emissions footprint based on your own shipping profile. For a single service charge, your company will receive visibility of your CO2 emissions footprint for the most recent three months of shipping. This report is based on global average carbon emission factors and helps support your forecasting needs.

GoGreen Carbon Footprint Report

[View charges](#)

DHL will provide your company with detailed reports showing your actual CO2 emissions footprint. This report covers all emissions at the trade lane, product, mode-of-transport and account levels for a calendar year. The report supports your company by target-setting a baseline to evaluate carbon reduction decisions. For an annual service charge, your company will receive four quarterly and two annual (one detailed and one summary) reports, based on a calendar year, to measure your transportation CO2 emissions footprint. The CO2 emissions calculation methodology is verified by the Swiss-based auditor Société Générale de Surveillance SA (SGS), the world's leading inspection, verification, testing and certification company.

GoGreen Climate Neutral

[View charges](#)

This service is for customers who need a reliable method to calculate their annual carbon emissions at a shipment level and subsequently offset these emissions through approved environmental programs. The whole process is verified annually by an independent body accredited by the United Nations. DHL can also provide reports for either a high-level estimate or a detailed carbon footprint.

Importer of Record (IOR)

[View charges](#)

This service allows the shipper to send a dutiable shipment to the receiver, with the duties and taxes invoiced to a third party at destination acting as the nominated Importer of Record (IOR). The Customs invoice must indicate the importer's billing details in addition to the receiver's shipping address.

Monthly Pickup Service

[View charges](#)

For customers requiring regular DHL Express pickup service, a service charge will apply.

Neutral Delivery

[View charges](#)

This service allows for the delivery of non-document shipments without any value of the product being shared or exposed to the receiver, since the commercial invoice is removed prior to delivery.

Residential Address

[View charges](#)

Customers shipping to a home or private residence can activate specific delivery options by designating the delivery address as residential. For such shipments, DHL Express will proactively notify the receiver via email or SMS about the shipment's progress. Receivers can then select the most suitable delivery option through the On Demand Delivery website.

DHL manages the entire process of waybill preparation, content selection, labelling and packaging, then sends the shipments to the designated international addresses.

Shipment Value Protection

[View charges](#)

Upon the shipper's request, as indicated on the waybill, DHL will provide value protection coverage. Charges will vary based on origin of shipment and total of coverage requested (minimum charges apply). A surcharge applies to shipments containing consumer goods (such as perfumes, aftershaves, aerosols, nail varnishes and prescription medicines as covered by the IATA ID8000 section) that are packed in a form intended for retail sale and shipped to private individuals. To find out more, call the DHL International Dangerous Goods Hotline at 1-866-817-3794.

Data Entry

[View charges](#)

This fixed surcharge applies for each shipment consigned with non-electronic, manual paper waybills. Electronic shipping documentation incurs no additional charges.

[View charges](#)

Under some circumstances, DHL can carry acceptable quantities of dangerous goods or hazardous materials. Packages containing dangerous goods or hazardous materials will be assessed a service charge. Additional charges may also apply. To find out more, call the DHL International Dangerous Goods Hotline at 1-866-817-3794.

A charge will apply when shipping to a destination country in which DHL is operating at elevated risk due to a continuous state of war, civil unrest or continuous threats from terrorism. This charge applies to all shipments destined for Afghanistan, Iraq, Libya, Mali, Niger, Syria and Yemen. This charge may apply in addition to either Restricted Destination or Exporter Validation.

Exporter Validation

[View charges](#)

A charge will apply when shipping to a destination country that is subject to trade restrictions imposed by federal regulatory agencies such as the Office of Foreign Assets Control (OFAC). This charge will apply to all non-document shipments destined for Afghanistan, Belarus, Lebanon, Myanmar and Zimbabwe. This charge may apply in addition to Elevated Risk.

Fuel Surcharge

[View charges](#)

Applicable to both domestic and international shipments, this variable surcharge is applied to the weight charge of each shipment and any transportation-related surcharges. It is derived from publicly available fuel indices, which are also displayed here: [dhl.com/fuelsurcharge](https://www.dhl.com/fuelsurcharge). Each month, the fuel surcharge is calibrated to the oil price that was current two months prior to the billing month.

Lithium Ion (PI-965, Section II)

A service charge will be assessed on each shipment containing loose Lithium Ion batteries (PI-965, Section II). Such shipments must be compliant with the appropriate IATA Packing Instructions. CUSTOMS SERVICES

As the International Specialists in shipping, DHL Express has extensive knowledge and experience in dealing with Customs around the world. For your peace of mind, we provide a wide range of support to ensure that both standard and non-routine Customs clearance processes are completed as quickly and efficiently as possible. This way, your time can be better spent focusing on your core business. Using our online tool (tas.dhl.com) you will be able to access the essential Customs information you need to help prepare your shipments.

Advance Payment

[View charges](#)

The service covers any import of a non-document shipment for which DHL has paid or used its Customs credit line advancing Customs duties, taxes or regulatory charges on behalf of those importers with whom DHL has no contract. The charge is based on the credit advanced or guaranteed and is subject to a standard minimum.

Bonded Storage

[View charges](#)

Any shipment registered into bond and subsequently held for more than three calendar days after awaiting documentation from the Receiver or Importer - or after clearance has been assigned to a third-party broker - will be assessed a daily storage charge beginning on the fourth day.

Bonded Transit

[View charges](#)

The in-bond entry (CF7512) allows non-document foreign-origin goods to travel bonded through the U.S. to final destination for clearance by the importer's broker or into a Foreign Trade Zone (FTZ). An in-bond entry may also be used to withdraw goods from an FTZ for export. DHL charges for this service.

Broker Notification

[View charges](#)

The DHL Broker Notification or Document Transfer service is used to transfer Customs clearance documents to another broker to handle clearance on the customer's behalf. DHL will assess a service charge to complete the transfer. DHL is not responsible for the timeliness of the submission of the entry to U.S. Customs and Border Protection (CBP) or for the release of the shipment. DHL will deliver the shipment once a release is received from the CBP and/or the Office of the Attorney General.

Clearance Data Modification

[View charges](#)

A surcharge applies in case the customs declared value of a shipment requires modification either before or during the customs clearance process.

Clearance Paperwork

[View charges](#)

A Commercial Invoice is also known as a Pro Forma Invoice and is required by Customs when non-document goods are shipped internationally. Upon request, or when it is missing, DHL will attach the documentation on behalf of the customer, for a service charge.

Continuous Bond

[View charges](#)

Upon customer's request and receipt of customer's application, DHL will purchase a continuous bond on the customer's behalf. The continuous bond would remain in effect for a year and would cover all entries for the importer of record, through any port, provided the broker has a valid Power of Attorney from the importer or principal. The continuous bond renews annually until terminated by importer, principal, Customs Broker or Surety. For example, the minimum bond amount required by CBP is \$50,000 or 10% of the total duties, taxes and fees, plus all open increased duty bills and debit vouchers paid in the previous 12 months - whichever is greater. Higher bond values are also available at a tiered rate.

Controlled Export

[View charges](#)

All U.S. Department of State (DOS) shippers must be approved in advance by DHL. The ACE AES Electronic Export Information (EEI) must be filed in ACE at least 8 hours prior to export. Temporary export and import licenses require physical presentation to CBP at the port of export for decrementation. A service charge applies to all DOS shipments for the special handling required by our Controlled Export Team.

Disbursement

[View charges](#)

A processing service charge is applied to any imported non-document shipment for which DHL advances payment of U.S. Customs duties, charges and taxes, and then re-bills an account-holding U.S. receiver. This service charge will be a percentage of the amount advanced, subject to a minimum, and will appear as a separate line item on the DHL duty invoice.

Export Declaration

[View charges](#)

U.S. Customs requires a declaration to be filed for shipments that are over a certain value or going to specific destinations. DHL may file on behalf of the shipper, for a service charge. Shippers filing directly through <https://ace.cbp.dhs.gov> will not incur the charge.

General Order Warehouse Storage

[View charges](#)

Any shipment that has been in the DHL warehouse for 20 calendar days without entry must be reported to CBP as eligible for General Order. The General Order Warehouse operator may retrieve the shipment and retain until final disposition. Charges assessed by the warehouse operator for transportation and storage will be passed to the importer.

Import/Export Duties

[View charges](#)

Duty is applied by U.S. Customs at the time of initial entry and varies depending on contents and origin of shipment. Additional duties may be applied by U.S. Customs after the initial Customs entry, when estimated duties were paid, or when an entry is audited, causing a change in the duty owed. These charges will appear on the DHL Express duty invoice.

Import/Export Taxes

[View charges](#)

Taxes are applied by U.S. Customs, based on the value of the goods being imported.

Import Paperwork

[View charges](#)

DHL will provide copies of import documentation previously supplied to the importer/ultimate receiver, at an additional cost. When available, an electronic copy may be provided, for a service charge. Additional copies of import documentation will be supplied by the importing gateway when requested by the receiver. Copies of files for express manifested clearances are not available.

Merchandise Processing

[View charges](#)

Merchandise Processing is a Customs-imposed service charge paid by all Brokers on formal entries. The rate is a percentage of the net entered value of the goods. Minimums and maximums apply.

Multiline Entry

[View charges](#)

A service charge will be assessed for multiline item entries with more than five lines. An example would be one shipment with multiple products or multiple invoices. All products require identification and must be classified under separate harmonized tariff numbers.

The DHL Optional Services & Surcharges list is available at [dhl-usa.com/optionalservices](https://www.dhl-usa.com/optionalservices) and will be updated or supplemented from time to time. Optional Services & Surcharges will be billed in accordance with the DHL list of Optional Services & Surcharges in effect at the time the shipment is tendered. DHL Optional Services & Surcharges are in addition to applicable transportation charges.

Other Government Agency (Border Controls)

[View charges](#)

Government charges apply when DHL Express arranges the clearance of any items subject to bio, health, phyto-sanitary, veterinary, quarantine, CITES or similar controls required by any regulatory agency. This includes the preparation of any related paperwork, to facilitate the clearance of a shipment. This also includes, but is not limited to: licenses, permits and inspections required by the U.S. Fish & Wildlife Service (F&WS) or other government agencies, for certain commodities imported into the U.S. This also includes any overtime charges from the F&WS for instances in which an importer requests clearance outside of the F&WS normal working schedule. Charges vary based on the government requirements.

Post-Clearance Modification

[View charges](#)

If requested by Customs authorities or the Importer/Exporter, DHL may add or modify data declared to Customs authorities for clearance purposes. This includes data such as declared values, classification of the goods and importer details, based on documentary evidence gathered from or confirmed by the Importer or Exporter.

Permits & Licenses

[View charges](#)

To accelerate import of select controlled commodities — such as medical devices, pharmaceuticals, computer monitors, laser CD players, cosmetics, eyeglasses, food and food products — DHL is required to file specific information with Customs in order to obtain the required import permits or licenses. DHL will apply a service charge for the preparation and submission of such filings. The charge will be applied to whoever pays duty and taxes.

Preferential Origin

[View charges](#)

Some destinations require certification for certain commodities, to authenticate the country of origin of the merchandise/goods being shipped. Upon request, or when this documentation is missing at origin, DHL will attach it on behalf of the customer for a service charge. When exporting from the U.S., this service is available only for goods made in the United States.

Prior Notice

[View charges](#)

Food and Drug Administration (FDA) bioterrorism regulations require that a Prior Notice (PN) for all shipments containing food or food products be filed electronically with the FDA prior to shipment arrival. DHL Express will prepare and submit a PN for all imported food shipments for a service charge. Customers may file directly with the FDA to avoid the PN service charge. Customers who wish to self-process to avoid PN charges must provide a detailed shipment description and the FDA PN confirmation number (10 digits) on the Commercial Invoice, and also on the shipment waybill in the description section. A printed copy of the PN confirmation should also be included with the waybill and invoice. Note: Prior Notice does not include Obtaining Permits & Licenses for FDA Entry Preparation.

Single Clearance

[View charges](#)

Under 19 CFR 128 Express Consignments regulations, non-restricted merchandise based on value and commodity can be cleared on a consolidated manifest for more cost- and time-efficient processing. DHL will assess a service charge for the following clearance processing that require individual handling:

- When the importer requests a single formal entry if the shipment is qualified to be cleared informally on the manifest
- If U.S. Customs and Border Protection requires Live Entry
- If the commodity and country of origin require Antidumping/Countervailing Duties at time of import

Temporary Import/Export

[View charges](#)

At a customer's request or when the document is missing from the shipment at origin, DHL will prepare an international Customs document, e.g. ATA Carnet, to simplify Customs procedures for the temporary import/export of various goods. Photographic proof, written details or original receipts are often required to identify the goods. An importer can also import certain classes of goods into the U.S. duty-free by posting a bond, according to 19 CFR Part 10. The importer must complete and sign the DHL Temporary Importation under Bond (TIB) contract and processing procedures prior to preparing a TIB entry. A service charge will be assessed for any Temporary Import/Export services.

Under Bond/Guarantee

[View charges](#)

A single-transaction bond is used in lieu of a continuous bond, in the event a customer is not bonded. A service charge will be assessed (minimum applies).

Preparing Your Shipment

Packaging Your Shipment

Paying for Your Shipment

PREPARING YOUR SHIPMENT: AS EASY AS 1-2-3

1 Shipment weight

Please weigh and measure your shipment. If you are sending a large but lightweight shipment, with a volumetric (dimensional) weight that exceeds its actual weight, the cost of the shipment is calculated based on the space your consignment takes up on the aircraft. This is a standard IATA method. To calculate the volumetric weight of your shipment, simply multiply the length by height by width in inches, then divide the total sum by 139 for each piece in the shipment. Any piece in the shipment may be re-weighed and/or re-measured by DHL to confirm this calculation. Volumetric weight calculation and example tool is available at [dhl-usa.com/volumetricweight](https://www.dhl-usa.com/volumetricweight)

2 Documentation required: waybill

All shipments sent with DHL Express need to have a fully completed DHL waybill or label securely attached to each piece. This will enable the successful movement of your shipment through the DHL network. Each waybill or label is individually numbered, enabling you to track your shipment from collection through to delivery. Your shipment may also need to be accompanied by Customs documentation, such as a Commercial or Proforma Invoice, as well as additional paperwork, depending on the contents and value of the shipment and the country to which you are sending.

3 Documentation required: invoice

A Commercial or Proforma Invoice is required when sending non-document shipments to countries and territories outside your origin country or Customs union. This is essentially a declaration containing all the details of a transaction and is used by Customs authorities to assess whether duties or taxes are payable. A Commercial Invoice is used when goods are part of a commercial transaction or intended for resale. A Proforma Invoice is used when sending goods of no commercial value (for example, when sending samples).

PREPARING YOUR SHIPMENT

Your invoice will require the following details:

1 BANK DETAILS

These are the bank details that will be used for the transaction between the seller and buyer. These details are not required for non-commercial/proforma invoices.

2 DESCRIPTION

Generic or broad descriptions are no longer permitted and are likely to cause delays. Descriptions should detail exactly what the shipped items are, how many there are, what they are made of and how they will be used. For example, describing items as 'samples', 'parts' or 'spares' is not acceptable for Customs classification, safety and security reasons.

3 COMMODITY CODE

This is the product identification code used by the exporting country to classify the goods to be exported. It helps to expedite clearance and avoid delays.

4 COUNTRY OF MANUFACTURE/ORIGIN

This relates to the place of manufacture, not the country of export. If items are manufactured in more than one country, please list the origins.

5 TOTAL DECLARED VALUE

This is the total value of the transaction for Customs purposes based on the Incoterm selected. The total declared value should include freight and insurance charges if the seller is responsible for these two elements.

6 TYPE OF EXPORT

The options are: (1) Permanent; (2) Temporary; and (3) Repair & Return.

Full description of goods	Commodity code	Item quantity	Unit value [Currency]	Subtotal value [Currency]	Net weight	Country of manufacture/origin
Freight						
Insurance						
Total declared value/currency				Total net weight/kg(s)		
Total pieces				Total gross weight/kg(s)		
6 Type of export 7 Incoterms 8 Reason for export I/We hereby certify that the information contained in this invoice is true and correct and that the contents of the shipments are as stated above.						
Position in company				Signature		
				Company stamp		

7 INCOTERM

Insert the Incoterm that best describes the terms of the transaction. For example, DAP (Delivered At Place).

8 REASON FOR EXPORT

This could be: For Sale; For Repair; After Repair; Gift; Sample; Personal Use Not For Resale; Replacement; Intercompany Transfer; or Personal Effects.

Preparing Your Shipment

Packaging Your Shipment

PACKAGING YOUR SHIPMENT

To ensure that your shipments travel safely and securely through the DHL Express global network, it is important that they are packaged and labeled correctly.

Packaging guidelines

- If you are re-using envelopes or boxes, please ensure that old labels and markings are removed
- Securely fix a waybill to each piece in your shipment. The waybill can be thought of as the shipment's airline ticket, and delivery will be delayed if it becomes separated from your shipment
- The barcodes on the waybill are scanned at numerous points during your shipment's journey. Please ensure the barcode is flat and not covered by tape, shrinkwrap or strapping
- Place a waybill on the top or side of each piece in your shipment and please ensure it does not overlap the corners or edges of boxes
- Use adequate protective wrapping for fragile or delicate items and ensure they are packed as far away as possible from the corners of boxes
- To prevent injury to our employees, please pay special attention to the packaging of sharp items. There should not be any possibility of the contents piercing the packaging
- Any individual pieces over 70 kg. should be placed on a pallet. If you are sending a multi-piece shipment, it is not necessary to place the individual pieces on a pallet unless they exceed 70 kg. For example, a shipment comprising four 25 kg. pieces does not have to be placed on a pallet

DHL Express 9:00 – Add \$20.00 to the DHL Express Worldwide rate

DHL Express 12:00 – Add \$5.00 to the DHL Express Worldwide rate

*For shipments over 150 lbs., the rate is calculated by multiplying the total weight by the zone multiplier rate. For example, for 200 lbs., Zone A = \$6.15 x 200 = \$1,230.00. For shipments over 2,199 lbs. please contact DHL Customer Service at 1-800-CALL DHL.

The availability of DHL Express 9:00 and 12:00 service is determined by destination post code or city name. These services are not available to and from all areas. DHL Express Envelope = DHL 0.625 lb. letter envelope packaging.

Rates subject to change without notice. Extra charges may apply. Delivery time and availability may vary based upon origin and destination. All rates are stated in dollars exclusive of sales tax or additional charges at origin, and any duties or taxes at destination.

DHL Import Express 12:00 – Add \$5.00 to the DHL Import Express Worldwide price

*For shipments over 70 kg., the rate is calculated by multiplying the total weight by the zone multiplier rate and then multiplying by 2. For example, to calculate the rate for a 100 kg. shipment in Zone A, multiply 100 kg. x \$5.35 x 2 = \$1,070.00. For shipments over 999 kg. please contact DHL Customer Service at 1-800-CALL DHL.

The availability of DHL Import Express 10:30 and 12:00 service is determined by destination post code or city name. These services are not available to and from all areas.

Rates subject to change without notice. Extra charges may apply. Delivery time and availability may vary based upon origin and destination. All rates are stated in dollars exclusive of sales tax or additional charges at origin, and any duties or taxes at destination.

DHL Express 9:00 – Add \$20.00 to the DHL Express Worldwide rate

DHL Express 12:00 – Add \$5.00 to the DHL Express Worldwide rate

*For shipments over 150 lbs., the rate is calculated by multiplying the total weight by the Zone multiplier rate (from 150.1). For example, for 200 lbs., if Zone A multiplier is \$6.15, then $6.15 \times 200 = \$1,230.00$. For shipments over 2,199 lbs. please contact DHL Customer Service at 1-800-CALL DHL.

The availability of DHL Express 9:00 and 12:00 service is determined by destination post code or city name. These services are not available to and from all areas. DHL Express Envelope = DHL 0.625 lb. letter envelope packaging.

Not all weights are shown. For other rates, please request a detailed rate sheet. Rates available from Puerto Rico and Virgin Islands (PR, VI). Rates subject to change without notice. Extra charges may apply. Delivery time and availability may vary based upon origin and destination. All rates are stated in dollars exclusive of sales tax or additional charges at origin, and any duties or taxes at destination.

DHL Express 12:00 – Add \$5.00 to the DHL Express Worldwide from Pacific U.S. Territories rate

*For shipments over 150 lbs., the rate is calculated by multiplying the total weight by the Zone multiplier rate (from 150.1). For example, for 200 lbs., if Zone A multiplier is \$11.49, then $\$11.49 \times 200 = \$2,298.00$. For shipments over 2,199 lbs. please contact DHL Customer Service at 1-800-CALL DHL.

The availability of DHL Express 9:00 and 12:00 service is determined by destination post code or city name. These services are not available to and from all areas. Not all weights are shown. For other rates, please request a detailed rate sheet. Rates available from Guam, Mariana Islands, Palau, Micronesia, American Samoa, Marshalls Islands (GU, MP, PW, FM, AS, and MH).

Rates subject to change without notice. Extra charges may apply. Delivery time and availability may vary based upon origin and destination. All rates are stated in dollars exclusive of sales tax or additional charges at origin, and any duties or taxes at destination.

DHL Express 9:00 – Add \$20.00 to the DHL Express Worldwide rate

DHL Express 12:00 – Add \$5.00 to the DHL Express Worldwide rate

*For shipments over 150 lbs., the rate is calculated by multiplying the total weight by the Zone multiplier rate (from 150.1). For example, for 200 lbs., if Zone A multiplier is \$7.25, then $7.25 \times 200 = \$1,450.00$. For shipments over 2,199 lbs. please contact DHL Customer Service at 1-800-CALL DHL.

The availability of DHL Express 9:00 and 12:00 service is determined by destination post code or city name. These services are not available to and from all areas. Not all weights are shown. For other rates, please request a detailed rate sheet. DHL Express Envelope = DHL 0.625 lb. letter envelope packaging.

Rates subject to change without notice. Extra charges may apply. Delivery time and availability may vary based upon origin and destination. All rates are stated in dollars exclusive of sales tax or additional charges at origin, and any duties or taxes at destination.
